<u><b>CACC PROJECT MONITORING APPROACH</b></u>	<input type="checkbox"/> Formal Action/Request <input checked="" type="checkbox"/> Information Only <input type="checkbox"/> Other

<b>FROM:</b>
<i>Hon. Michael Pollard, Judge, Tucson City Court ,CACC Chair</i>
<b>SUMMARY:</b>
Judge Pollard will update members on actions being taken by CACC to better carry out the provisions of ACJA 1-109(A)(9) across those trial court projects that fall within COT's priority categories. In an effort to "true-up" the MindMap in use since 2010 and its display of project relationships, CACC is holding a multiple meeting "tour" through the entire set of projects. Judge Pollard will share the outline provided to project managers for the individual updates along with the types of concerns that will be returned to COT. Because the magnitude of change being proposed is small, CACC is not requesting a motion regarding the direction for monitoring activities but wishes to learn the sense of the Commission about the approach.
